

CAP SCREWS

GLOBONELL XX STAINLESS STEEL CAP SCREWS

NOW! GLOBAL - Leader in the high strength, high quality fasteners can provide you with the finest Stainless Steel Fasteners.

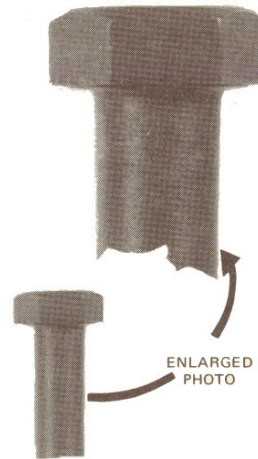

GLOBONELL XX STAINLESS STEEL FASTENERS are designed to
Reduce your operating costs by overcoming the common problems of:

**STRETCHING
and
BREAKING**

**BINDING
and
GALLING**

**CORROSION
and
PITTING**

GLOBONELL XX STAINLESS STEEL FASTENERS overcome these common problems thru:

- Special manufacturing processes combined with controlled analysis 316 results in higher tensile strength than ordinary 316, providing greater resistance to snapping, stretching and shearing.
- Improved and controlled Type 316 analysis provides more corrosion resistance than other types of ordinary Stainless Steels — 303, 304, 316 etc.

- Special post manufacturing treatments improve corrosion resistance properties and eliminates binding, galling and pitting.
- **GLOBONELL XX** heads are marked "316" for quick identification as to corrosion resistance characteristics.

GLOBONELL XX STAINLESS STEEL FASTENERS
have been proven to reduce your downtime and maintenance costs through
improved performance and service life in every industry.

GLOBAL INDUSTRIAL PRODUCTS

CAP SCREWS

GLOBONELL XX STAINLESS STEEL CAP SCREWS

Designed to reduce your operating costs by eliminating the problems common to ordinary stainless steel cap screws.

<ul style="list-style-type: none"> ● IMPROVED and CONTROLLED TYPE 316 analysis provides more corrosion resistance than other types of Stainless Steel ● Special post manufacturing eliminate binding, galling and pitting. ● PRECISION ROLLED THREADS ● Machine pointed for easier assembly 		<ul style="list-style-type: none"> ● 45% GREATER TENSILE STRENGTH than ordinary stainless provides greater resistance to snapping, stretching and shearing 125,000 to 145,000 PSI ● Washer faced for 100% seating ● High abrasion resistance ● Non magnetic

CAP SCREWS

LOBONELL XX

STAINLESS STEEL NUTS & WASHERS

LOBONELL XX STAINLESS STEEL HEX NUTS, FLATS and LOCKWASHERS are manufactured of the same improved and controlled type 316 analysis material as **LOBONELL XX CAP SCREWS** and are processed with a **POST MANUFACTURING TREATMENT** to provide greater corrosion resistance properties and resistance to binding and galling.

*For maximum performance in your operation **LOBONELL XX** "Matching" parts should be used with **LOBONEL XX STAINLESS STEEL CAP SCREWS***
