

GLOBAL

MUFFLER CLAMPS

- 3/8" dia. U-bolts with USS threads
- Grips evenly around the pipe making a uniform leakproof seal at all points
- Heavy Gauge saddle clamp will not bend when nuts are tightened
- Greater strength and flexibility to prevent freezing and joint leakage
- Individually boxed

MUFFLER and TAIL-PIPE HANGER

Elongated holes for easy positioning

- Heavy-Duty construction
- Elongated holes for easy positioning
- 360° Swivel allows easy mounting in any position
- Unique open lip installs without disassembling clamp
