

GLOBAL

Save Time and Labor with "PRE-ASSEMBLED" STEEL LINES

- ELIMINATE COSTLY CUTTING AND FLARING OF TUBING
- PRE-ASSEMBLED STEEL LINES are ready to install, in pre-cut lengths, double flared at both ends with fittings already assembled and are EASILY SHAPED BY HAND
- Check these SAE approved features:
 - Tinned copper steel alloy protects outer surface against rust and corrosion
 - Long-wearing and vibration resisting soft steel outer wall
 - Fused copper-steel alloy center unites two steel walls

DOUBLE WALLED SEAMLESS CONSTRUCTION

DOUBLE-LAP FLARED ENDS

- Guarantee safe operation at high pressures
- Eliminate any danger of twisting off tubing when tightening fittings

* NOTE: ONLY DOUBLE WALLED SEAMLESS STEEL LINES WITH DOUBLE FLARED ENDS ARE APPROVED FOR BRAKE LINE APPLICATIONS — COPPER TUBING AND SINGLE WALL BUTT WELD STEEL TUBING IS NOT APPROVED

PART #	DESCRIPTION	PACK
A34-548312	3/16 X 12" FITTED BRAKE LINE	(B)
A34-548320	3/16 X 20" FITTED BRAKE LINE	(B)
A34-548330	3/16 X 30" FITTED BRAKE LINE	(B)
A34-548340	3/16 X 40" FITTED BRAKE LINE	(B)
A34-548351	3/16 X 51" FITTED BRAKE LINE	(B)
A34-548360	3/16 X 60" FITTED BRAKE LINE	(B)
A34-548412	1/4 X 12" FITTED BRAKE LINE	(B)
A34-548420	1/4 X 20" FITTED BRAKE LINE	(B)
A34-548430	1/4 X 30" FITTED BRAKE LINE	(B)
A34-548440	1/4 X 40" FITTED BRAKE LINE	(B)
A34-548451	1/4 X 51" FITTED BRAKE LINE	(B)
A34-548460	1/4 X 60" FITTED BRAKE LINE	(B)

PART #	DESCRIPTION	PACK
A34-548512	5/16 X 12" FITTED BRAKE LINE	(B)
A34-548520	5/16 X 20" FITTED BRAKE LINE	(B)
A34-548530	5/16 X 30" FITTED BRAKE LINE	(B)
A34-548540	5/16 X 40" FITTED BRAKE LINE	(B)
A34-548551	5/16 X 51" FITTED BRAKE LINE	(B)
A34-548560	5/16 X 60" FITTED BRAKE LINE	(B)
A34-548612	3/8 X 12" FITTED BRAKE LINE	(B)
A34-548620	3/8 X 20" FITTED BRAKE LINE	(B)
A34-548630	3/8 X 30" FITTED BRAKE LINE	(B)
A34-548640	3/8 X 40" FITTED BRAKE LINE	(B)
A34-548651	3/8 X 51" FITTED BRAKE LINE	(B)
A34-548660	3/8 X 60" FITTED BRAKE LINE	(B)
